

# Novus-Pure Water HPLC Grade

HIGH PURITY.  
EXCEPTIONAL PERFORMANCE

At Novus ChemStrength, we are committed to delivering innovative solutions for your laboratory needs. We are proud to present Novus-Pure Water HPLC Grade, a premium product designed specifically for high-performance liquid chromatography (HPLC) applications. With Novus-Pure, you can achieve superior analytical results and maximize the efficiency of your experiments.

## Ultra-High Purity

Novus-Pure Water HPLC Grade is meticulously purified to eliminate impurities, ensuring precise and reliable analytical results.

## Low UV Absorbance

The exceptionally low UV absorbance of Novus-Pure minimizes background noise, allowing for accurate detection of even the most sensitive compounds.

## pH Balanced

Novus-Pure maintains a stable pH range, optimizing column performance and prolonging its lifespan.

**Novus-Pure Water HPLC Grade is ideal for a broad range of HPLC applications**

**Novus ChemStrength**  
B/64, Pushkar Industrial & Logistic Park B/h. Satyam Mall,  
Changodar, Ahmedabad-382210, Gujarat, India.

## Unmatched Purity for Precise Analysis

Novus-Pure Water HPLC Grade is meticulously manufactured using advanced purification techniques to ensure exceptional purity and minimal interference with your analytical samples. Each batch undergoes rigorous testing to meet the highest industry standards, giving you confidence in the accuracy and reliability of your results.

### Key Features and Benefits

**Ultra-High Purity:** Novus-Pure Water HPLC Grade is meticulously purified to eliminate impurities, ensuring precise and reliable analytical results.

**Low UV Absorbance:** The exceptionally low UV absorbance of Novus-Pure minimizes background noise, allowing for accurate detection of even the most sensitive compounds.

**Consistent Performance:** The consistent quality of Novus-Pure ensures reproducibility, providing reliable results from batch to batch.

**Low Particulate and Organic Contamination:** Novus-Pure undergoes stringent filtration processes, resulting in ultra-low levels of particulate and organic contamination, reducing the risk of column blockage and system downtime.

**pH Balanced:** Novus-Pure maintains a stable pH range, optimizing column performance and prolonging its lifespan.

**Compatible with HPLC Systems:** Novus-Pure is compatible with a wide range of HPLC systems, allowing for seamless integration into your existing laboratory workflow.

### Applications

Novus-Pure Water HPLC Grade is ideal for a broad range of HPLC applications, including:

- Pharmaceutical analysis
- Environmental testing
- Food and beverage analysis
- Forensic analysis
- Biotechnology research
- Petrochemical analysis
- And more...
